

Hero Ultra Drive

SKU SH208317-Drive

PRICE £479

FEATURES

- Improves 4G, 5G signal and voice calls, SMS on EE, O2, Vodafone, Three, and other UK networks, with partial 5G coverage support
- Designed specifically for in-car use, keeping your connection stable inside the boat
- Delivers clearer calls and more reliable mobile data

ABOUT

Reliable signal starts on the water, and Signal Hero Ultra Boat is built to keep your mobile connection stable while onboard. No more dropped calls, weak signal, or slow data when travelling through coastal routes, open waters, or low-coverage areas. Designed for boat use, it supports all major UK networks, delivering stronger voice calls, SMS, and stable 4G with 5G support where available. The external antenna captures available signal outside the vessel, while the booster strengthens it inside your cabin for consistent performance during every journey.

Ideal for day trips, long-distance sailing, and areas where signal is unreliable. No subscriptions or ongoing fees. Backed by a 60-day money-back guarantee and 3-year warranty.

 **INSTANT SIGNAL BOOST**

 **UP TO +50db GAIN**

 **SUPPORTS UP TO 10 USERS CONNECTIONS**

 **FAST NETWORK & DATA SPEED**

KIT INCLUDES

IMPEDANCE	50 Ohm
POWER SUPPLY	AC 100-240V
CONNECTORS	N-FEMALE
BOOSTER DIMENSIONS	22 x 14 x 5.5 cm
BOOSTER WEIGHT	<0.5 Kkg

INSTALLATION

The signal is received from the outdoor cell towers and transmitted through the cable to the booster box in your car.

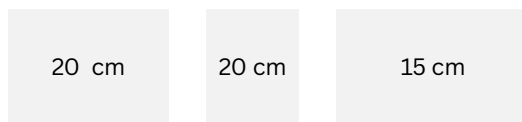

The booster box receives the signal from the outdoor antenna and retransmits it to the indoor antenna via a cable.

The small antenna mounted on the windshield receives the signal and retransmits a clean, high-quality phone signal throughout the car.
